MUHAMMAD NOMAN

WEBSITE DEVELOPER | GRAPHIC DESIGNER

"Developers don't just build websites, they build connections."

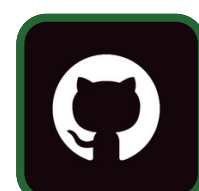

I am an enthusiastic and detail-oriented **Website Developer & Graphic Designer** with hands-on experience in **React.js**, **Next.js**, **JavaScript**, and **Node.js**, specializing in building **responsive**, scalable, and high-performance web applications. With a strong **eye** for **design** and user **experience**, I create seamless, **engaging**, and visually appealing digital solutions.

In addition to my **frontend** and **backend** development expertise, I am skilled in **CorelDRAW**, **Photoshop**, and modern graphic design **tools**, enabling me to craft **creative** designs that complement **technical** projects. My skill set also includes **MS Office**, **video & audio** editing, **Git**, **VS Code**, and **Adobe Audition**, allowing me to contribute to both technical and creative aspects of any project.

Passionate about continuous **learning** and **innovation**, I am eager to take on challenges and committed to delivering solutions that drive business growth and user satisfaction.
